

TCA (www.tcatel.com) is a consulting firm providing financial, management, marketing, performance management, regulatory, and network consulting services to rural independent telephone companies. TCA has an opening for a Regulatory Consultant located in Colorado Springs, Colorado. The successful candidate will have a Bachelor's degree and understand regulatory principles in a competitive environment within rural communities. Duties will include: monitoring, analyzing, and interpreting local, state, and federal regulatory and legislative proceedings; preparing reports and filings; providing information to regulators; working with the financial team to analyze financial impacts of proposals and regulations; preparing articles for monthly newsletters; monthly informational webinar presentations, representing clients and conducting presentations at state, regional, and national meetings; establishing constructive dialogue and working relationships with assigned clients and regulatory bodies; eliciting cooperation of various departments to generate information needed to present and support company positions on state and federal regulatory issues.

To apply, please submit a letter of interest, resume and salary requirements by April 9, 2018 to:
