

## Job Opportunities

Job Title: Chief Operations Officer

Company Name: New Lisbon Telephone Company/New Lisbon Broadband and Communications/New Lisbon Wireless Broadband

Job Description: New Lisbon Telephone Company, and its sister companies, New Lisbon Broadband and Communications and New Lisbon Wireless Broadband, is seeking a highly motivated individual with proven managerial and technical experience in operations for an ILEC with regulated and non-regulated activities. Bachelor's degree required in a technical field preferred. Five to ten years' experience in telecommunications or a related field with increasing responsibility required.

Responsibilities: Supervises the overall day-to-day operations of the New Lisbon companies, New Lisbon Telephone (NLTC), New Lisbon Broadband and Communications (NLBC), and New Lisbon Wireless Broadband (NLWB), including, but not limited to, oversight of accounting, sales, engineering, operations. Also works closely with outside vendors and suppliers to identify, recommend, implement, and operate functional and cost-effective infrastructure management solutions for all aspects of the services offered by NLTC, NLBC, and NLWB. Works closely with the CEO to develop and execute plans necessary for the long-term success of the companies, execute long range strategic planning, and set goals for the company and employees, manages a high level of customer confidence, develops employees, ensures regulatory reports are completed timely and accurately, oversees and executes operational contingency plans, works with the HR Manager to develop a comprehensive management and employee evaluation process and management training and projects a favorable image of the company. Keeps the CEO informed of all matters relevant to the operation of the companies, executes necessary corrective actions, attends board meetings as required, promotes adherence to all safety policies and procedures, attends training, industry conferences, and seminars, and works closely with other New Lisbon Holdings subsidiaries as needed for operational success.

New Lisbon Telephone Company was founded in 1901 and offers an excellent opportunity for a dynamic individual to manage the operations of this growing company. The company has approximately 182 access lines in the ILEC and over 3500 Broadband connections in the ILEC and CLEC. Fiber has been deployed in 100% of the ILEC and extensively in the CLEC, along with fixed wireless. Other services are provided through these companies and other subsidiaries. The company has approximately 21 employees and is located in New Lisbon, IN in the East Central part of the state.

New Lisbon Telephone Company offers a comprehensive benefits package and a challenging work environment. Planned growth in the CLEC should make for an exciting opportunity. The salary is commensurate with qualifications and experience.
